'EDUCATION breeds CONFIDENCE CONFIDENCE breeds HOPE, HOPE breeds PEACE

Dear Readers,

It is my privilege and honour to present before you, yet another unique and feisty episode of The Waverlite - a magazine symbolic in its authenticity and opulence.

Imparting education in the modern world does not only mean providing theoretical knowledge, but also equipping students with human values and a dynamic skill set which ensures success in both their personal and professional lives. We, as a team at Waverley, strive to mould characters, shape futures and create world citizens. For the past 173 years, Waverley has been the platform for thousands of children, to explore different aspects of their potential to the limit, through Academics, Sports and Performing Arts. Our students here are encouraged to be THINKERS, DOERS AND COMPASSIONATE citizens of this great country.

We are fortunate to have been blessed with a strong support system comprising of the forward looking management, dedicated teachers, cooperative parents and hardworking support staff who work as an empowering team, with complete faith in the institution and its Value Based Education System.

I express my sincere gratitude to every one of them, for their constant support as we journey together to greater heights, carrying on the mission bequeathed to us by our Mother Foundress St. Claudine Thevenet.

A word of gratitude to the Editorial Team who have worked relentlessly in creating yet another fantastic myriad of the year gone by.

I hope you take delight as you flip through the pages of the Magazine and connect into the past with pleasure over the delightful memories of the year that was 2018.

EDITORIAL

'The only impossible journey is the one you never begin'

-Anthony Robbins.

These words sound so appropriate when we take a moment to reflect on the fact that another wonderful year of Waverley has just passed by. An institution founded about two hundred years ago, an act made possible by St. Claudine Thevenet, continues to empower young girls with the knowledge that can protect and safeguard their present and future. As the years have gone by Waverley is aiming at its best to help the girls reach different horizons of life enriching their knowledge, creativity, skills and calibre. This particular magazine and the many other magazines released before, speak volumes about such qualities of Waverlites.

It was indeed a matter of great honour for all of us to be entrusted with this responsibility, it has been a productive year for the school magazine and a year of great enjoyment for all of us as a team.

Our journey from the day we were officially declared as the Editorial Board of 2018 to this day has been truly memorable. We have tried to work collaboratively within agreed-upon framework of authority and responsibility. The Waverlite is a collaboration of school and inter-school activities and the thoughts and creativity of the students of our school. We hope our readers truly enjoy reading this edition of our magazine as we truly enjoyed putting it together.

We thank, Sr. Stella for spotting the uniqueness in all of us and for always instilling in us confidence and offering us a host of opportunities to shine in our different yet magnificent ways.

Head Girl

“LEADERSHIP IS NOT ABOUT A TITLE OR A DESIGNATION. IT’S ABOUT IMPACT, INFLUENCE AND INSPIRATION.”

A new journey began, when the badges were pinned on the blazers of 19 new faces on 17th of March 2018

It was the day when Shubhkirti Singh, the outgoing head girl, handed over all her responsibilities, saying “Change would be the end result of all true learning”. Stepping into my second captaincy in WAVERLEY was not easy for me as I now held a huge responsibility with never ending expectations. A new confidence finally emerged in me when I gave my first thank you speech. As I was the one chosen amongst many, it gave me immense pleasure to lead the student council 2018 who worked zealously. The never-ending hard work of the council developed in me a passion for learning. By the time it all started I realised that I had to take a little more share than mine of the blame and a little less share than mine of the credit.

My job as a head girl became even more memorable and exciting when I represented my house-Endurance during the Inter-House Basketball and Badminton Tournament where the senior division stood first. I was also given the opportunity to be a part of Dramatics team and to enhance my debating skills during Cultural Fest.

I also bagged the award for the Best Performer in Negotium Agom, the Inter-School Business Quiz held at Wynberg Allen, all thanks to Miss Uma and the team for their support.

Now if I talk about the Annual Sports Meet, it was a proud moment for me to lead my school with my head held high. I would also like to thank the school authorities for letting me be a part of the Inter-School Athletic Meet held at Wynberg Allen and the district athletic meet held at RIMC Dehradun. All these activities gave me a new meaning of leadership. They taught me that leader who worked most effectively never say ‘I’, and that’s not because I had trained myself not to say ‘I, I think ‘we’. I think ‘team’. I finally understood my job to make this team, this school function.

I would finally take this opportunity to thank Sr. Stella, and The Student Council of 2018 for motivating me at all times and supporting me in all the decisions that I made. I hope we lived up to your expectations. I would like to conclude with the lines, “Ultimately, leadership is not about glorious crowning acts, it’s about keeping your team focused on a goal and motivated enough to do their best to achieve it, especially when the stakes are high and the consequences really matter. It’s about laying the ground work for others ‘success’ then standing back to let them shine.”

Games Report

"THE DIFFERENCE BETWEEN THE IMPOSSIBLE AND THE POSSIBLE LIES IN DETERMINATION."

And this determination is what took us to the place where we are at present. The Games Captains of our school Waverley. Throughout these years of hardwork and sportsman spirit we developed a bond which helped us to lead this team of more than 600 students and achieve our goal of success. Though it was tough to pull the girls out of their classes to make them realize the value of sports time not junk time. Our first task as the Sports Captains turned out to be a success. Basketball and running were a part of our daily schedule and this led to the success of the first sports event of 2018- Inter-House basketball.

This was followed by the Inter-House Badminton. Then came the month of August, when all the athletes tightened their shoelaces for the rocky journey of the Athletics Meet of 2018.

"Athletes cannot run with money in their pockets, they must run with hopes in their hearts and dreams in their head."

Starting with the Cross Country Marathon held at Woodstock School on 15th September in which athletes like Nanda Yadav, Priya Gupta, Shubhi Rathore, and Sofia Nathan excelled and Waverley overall stood first.

Alongside this, the athletes also practised for the Annual Sports Meet of Waverley held on 13th October. The school saw many new faces in the field and a total of 14 new records was set. This was a big turning point in the history of Waverley as the girls proved 'The more you dream, the more you achieve'. Overall the event was a huge success, all thanks to the hard work put in by all the houses and also by our mentors- Sir Prashant and Miss Nimmi. The overall athletics trophy was bagged by-Enterprise.

The winners from here went for the invitational Inter-school athletic meet held at Wynberg Allen School on 17th, 18th and 20th October. Where again we witnessed 7 whole new records being set up by our great athletes Priya Raj, Priya Gupta, Shubhi Rathore and many more. We bagged the overall Intermediate group championship with Tanya Gupta and Harshika Shokeen bagging the individual championship.

Last but not the least was the event of the year-72nd Annual District Athletic Meet held at RIMC Dehradun on 27th and 28th October. We took part in U-14, U-20 and open category all the athletes performed well in their respective category with Waverley bagging the U-20 group championship. A special thanks to all the Athletes - Nanda, Priya, Shubhi, Prakriti, Harshika, Prema, Pavitt and Isha for their tremendous hard work.

"You have to have a dream so that you can get up in the morning." We don't think winners are created in a day, each and every girl stepped on to the field this year put in their best. For us they were all champions in their own way.

This was what we learned during the tenure as the leaders of our school and for this we are grateful to our respected Principal Sr. Stella, teachers and our dear

schoolmates who supported us and turned this year into one filled with achievements, success and most of all memories. Also a special thanks to Sir Prashant for all the workouts and practises he made us do and to Miss Nimmi for sparing time to take our practices. Your impactful motivation is what that has brought us to where we are and we will always be grateful for making us who we are.

In the end all that we can say to show our love towards our Alma matter and our passion sports is:-

People don't play sports because it's fun.
Ask any athlete most of them hate it,
But they couldn't imagine their life without it.
It's a part of them, the love or hate relationship.
It's what they live for, they live for the practices,
Parties, cheers, long bus rides, invitational,
Countless pairs of different shoes, energy drinks.
They live for the way it feels,
When they beat the other team,
Knowing that these two extra sprints counted,
That their practices were all worth it,
The way they create a family within the team,
The countless songs playing in their head
While training for all those hours,
The competition and the friends,
The practises and the memories.
It's the pain that makes them who they are
And that's what we are.

We would finally take this opportunity to thank Sr. Stella, and The Student Council of 2018 for motivating me at all times and supporting me all the decisions that I made. I hope we lived up to your expectations. I would like to conclude with the lines, "Ultimately, leadership is not about glorious crowning acts, it's about keeping your team focused on a goal and motivated enough to do their best to achieve it, especially when the stakes are high and the consequences really matter. It's about laying the ground work for others 'success' then standing back to let them shine."

Being chosen as the Catholic leader for the year 2018 was a great honour and privilege for me. This was the first time that I had got the honour of wearing a school prefect badge. I am extremely grateful to all the Sisters, teachers and my peers who thought me worthy of this great honour. I hope that I performed my duties according to the expectations of everyone.

A special word of gratitude to Sister Rose for all her support and encouragement. I am sure that I speak for all the Catholic girls at Waverley when I say that she is one of the most dedicated and hardworking teachers.

As always the Catechism result for this year has been outstanding only due to her rigorous classes and revisions.

Encounter House Report

"I Sharon John, Captain of Encounter, Anandini Gupta Vice captain, do promise on my honour that I will as in my duty bound honestly and faithfully, uphold the ideals of our school and to the best of my ability and to do all I can to keep our banners flying high."

It was not just an oath that we swore on 17th March 2018 but it awakened in us the zeal, to strive hard and keep the banner of Encounter always flying high. With great enthusiasm, we started with the first event of the year, the Inter-House Basketball Tournament. The air was filled with the sounds of basketball dribbling everywhere. Encounter stood first in Junior Division and second overall.

"Acting is not just passion, it's an art". So the budding actors of Encounter showcased their art as they presented a ludicrous play "The Marriage Proposal" and overall stood Runners-up. Harshita Sinha and Shreya Kashyap were awarded the Best Actor prizes.

Just as the Kaleidoscope shows vibrant colours, the Cultural Fest 2018, brought with itself the platform for the girls to show their talents. The 'To-Be-Einsteins' performed really well in the G.K. Quiz where Juniors stood first and Seniors stood second. The budding orators of the house delivered the famous speeches Of the Shakespearean plays. Shreya Kashyap and Gauri Tandon, put their views forward in an awestruck manner, to support their respective sides in the debate. The juniors danced on the tunes of Santhal folk songs, presenting a famous fusion of the evergreen old-culture with a bit of modernization.

The autumn winds brought with itself the sound of shuttlecocks being smashed in the court. Juniors stood second in their division.

"Athletes are not born athletes, they are made athletes."

With this in mind the girls of encounter, put in their heart and soul for 'the ultimate showdown' and started practising way before which caused our house to gain several points. With never-ending zest and zeal, Vaishnavi Jha broke the record of 1500m and Hanshika Shokeen broke High-Jump record setting it to 47. Then came the 'D-Day' Sports Day 2018. The girls got fruit of their hard work. Vaishnavi was awarded with the 'budding Athlete' and we stood first in the junior Division.

We would also like to extend our heart-felt gratitude to our Principal Sr. Stella and to our house-teachers for their immense support. Leading this house opened for us the path of various opportunities, which helped us transform our personalities and lead our housemates towards success. So, now we BID ADIEU to Encounter with a vision of the green flag fluttering the highest in the blue sky.

Encore Encounter.

Endeavour House Report

To us being house captains was more like having a quarter of school as our buddies, which sounds like a whole lot of fun. The day we were pinned with our badges was the time that changed everything in us. The passionate kiss to our flag was with a promise to 'Endeavour' in 2018. We had to not only work for ourselves now but to accept the challenge and work for our beloved house plus our school in general. We were endowed with an unquenchable thirst to make a difference. We were undoubtedly successful in building hard-work and togetherness in our house. Moreover, we practised including everybody for every thing that paved way for new faces to come up and outshine the other houses in different activities with super-excellent results.

During house meetings we taught reds what it takes to love and respect their house shirts. We have laughed and cried together and that's gonna remain the best part of Endeavour 2018. Not to forget, be it Basketball, Badminton, Dance, Runs or Throws, our girls woke up around 5'o clock in the morning to attend their house practices which was a big deal indeed. We also secured first position in different events like Dramatics, Debates and G.K Quiz. Learning 'team work' out of it was more than fun. We really appreciate Reds putting themselves in devoir, spending hours in the field to sharpen their potentials and wanting to practice more. It was wonderful seeing the smaller ones' progress and willing to give points to their house too. Happiness within our house was out of this world. We were together portrayed having done our utmost for the house which is what the meaning of our house reflects. We'd love to express our gratitude towards our dearest House Mistress Ms. Shalini Saxena, House Master Mr. Mumtaz, Mrs. Pamposh, Mrs. Manju and all the other house teachers for their undivided attention to the house. Their reliance on us kept us going consistent in organizing and raising the house to be proud. Also,

the love and guidance from our Principal, School Management and peers shall never be forgotten.

Both of us have learnt a lot from our responsibilities as office bearers. No matter what, we worked hand in hand like comrades. We wouldn't do anything without the other and Miss Shalini knowing. Captains and Vice Captains from other houses would praise us for our co-ordination and this made us want to work more for Reds. We're extremely thankful to the student council for their love and support.

A lot awaits to be done Reds. Every year brings with it many challenges and stiff competitions. Each day brings a new hurdle and we need to be prepared to deal with every trial, every ordeal, with perseverance and determination. With your ability, talent and full support to your Captain and Vice captain, we can assure you that winning will not be difficult. And always remember, "The one who wins is the one who thinks he or she can". So be optimistic. You were the best thing that ever happened to us. Work hard to overcome your own weaknesses and you are a sure short winner! Good Luck Endeavour we love you with all our hearts. Have faith in one another and be a true Endeavour.

Endurance House Report

["STRONG IN OUR HEART IS A DEEP UNDYING SPIRIT"]

"Strong in our heart is a deep undying spirit" was something which we felt when the badges were first pinned to our blazers. With all new feelings of stimulation, compassion and a lot of enthusiasm, we both were ready to embrace Endurance with our hard work and dedication.

Our memorable journey started with the Inter House Basketball tournament, where we bagged the overall second position while securing the first position in Senior Division and second in Intermediates.

Then came the most awaiting activity of the year Dramatics. Yellows chose "Mother's day" as their play and stood Runners Up. The actors were Ruhineet, Muniba, Prema, Mahika, Ciona and Samya. Prema and Ruhineet got the prizes of Best Actor and the Best Supporting Actor respectively.

This was followed by a short break and Yellows had to prepare for the Cultural Fest 2018. Our heads were held high with our Junior Division for achieving the first position in Dance Competition. Prema Raj and Maria Goretti presented the house in Debate, where they got the second and third position respectively. The house was again victorious because of the budding orators who attained the overall Inter-House Declaration Competition trophy. Muniba Khan was honored as the best orator followed by Sheryl Arya as the First Runner Up and Ciona Ann Jolly as the Second Runner up. Ruhineet Kaur got the consolation prize.

Yellows strived hard for the overall badminton trophy, and as someone rightly said, "hardwork pays off". Once again we achieved the first position.

The Annual Sports Meet was an opportunity for all the housemates to prove their capabilities. Endurance got the Runners Up trophy for athletics. This era instilled in us the true meaning of sportsmanship and gave us chances to improve ourselves. We would like to thank -Sonya Parsari,

Prema Raj, Maria Goretti, Harbaksh Kaur, Jessica Smith, Nandini Negi, Kanishka Panwar, Snehi Gundev, Shubhi Rathore, Gaurangi Agarwal, Avantika, Aadya, Keerat, Michelle, Yashika, Aashna, Samya, Zehen, Fahima, Prachi, Samaira and Harshree. The house flag was itself honored by the achievements of Sonya

Parsari getting the Best Athlete and overall Championship trophy in Senior Division. The event ended on a good note with Yellows and Greens winning the best drill with their colourful fans.

We thank our house teachers especially Mrs. Reena J. John because without their support, care and love all this wouldn't have been possible. We are also grateful to the House Master Mr. Nitin Kumar.

The journey in itself was a glory which we would never want to forget. There were moments when we fell down but again the spirit of Endurance helped us to get up and keep going. With spirit in our hearts and tears in our eyes the time is here for us to bid farewell with a hope that our banner will keep flying high.

ENDURANCE-You can do it,
You will do it and
You have to do it.

Enterprise House Report

The word Enterprise in itself means the ability to think of and set up new projects to innovate, imagine and create. The year 2018 brought the exact enthusiasm of newness, creativity and desire to excel. The announcement of the student council was itself a very big day for all of us. House spirit ends only at success and that makes us really lucky leaders as every member of Enterprise is instilled with this spirit.

The year winning streak began with the Inter-House Basketball matches which Enterprise bagged the first position overall with the fantastic performance of our players- Nanda, Inayat, Angel, Ciya, Prakriti, Tanya, Priya, Sofia, Sakshi, and Sumidha. Then came the Cultural Fest- A platform for everybody to showcase their talents. The house activities included here were, The English Declamation and Debate, where the dynamic speakers of Enterprise stole the hearts of the audience, with their eloquence and confidence. The girls of classes VI, VII and VIII set the stage on fire with their beautiful folk dance in the inter house dance competition. The extraordinary talent of our girls won us the second place in declamation and dance.

The performance of our girls in badminton was also praiseworthy with Inayat and Angel managing to get laurels for our house. The sound of smashes broke the silence of the court. However, we came second.

Then came the most awaited event of the year- Sports Day. All the houses were brimming with excitement and enthusiasm. The sports field was filled with the footprints of the rigorous practises from months in advance. We got to see many new faces on the field this year, who contributed to the success of this event. Budding athletes like Inayat, Anisha, Ciya, Mahi, Komal, Hameet, Bushra, Garvita, Marilyn, Sakshi, Sofia, Sumidha and Bhavya added to the already soaring house points. Though all the players faced hurdles on their way, they managed to brush themselves off and finish the races. Sports Day was a blessing to Enterprise with the Individual Championship bagged by Nanda Yadav in sub-junior, Prakriti Singh in Junior and Tanya Gupta in Inter.

Our house was awarded with the Overall Sports Championship, Athletics Trophy and Group championship in sub- Junior and Inter division. It was a feeling of euphoria for us to bag Cock house trophy and the Best March Past Trophy. All these achievements were only possible through the combined efforts of every single member of Enterprise especially the record-breakers- Nanda Yadav, Prakriti, Tanya and Priya.

The badges that we proudly wore kept us energetic and helped us to find the greatest achievements. We are incredibly proud of our house mates who were serious when the situation called for it and were ready to let their hair down if need be. There is really an incredible bond among us. We were more of a family both on and off the court. The cheers of: we can do it, we will do it, we have to do it; will forever be ringing in our ears.

As the year draws to a close, we look back with nostalgia to a open year filled with memories and achievements. A special word of thanks to our House Mistress Miss Umila Negi and our House Master Mr. Ajay Raghuvanshi as well as all the house teachers for being so supportive and encouraging.

Enterprise created a history this year by winning a score of 555 and we hope that the future badge holders carry on with the same determination and dedication to keep the house flag of Enterprise flying high.

FEBRUARY

Teacher's SEMINAR

To refresh the minds of the teachers after the long winter break and invigorate them for the coming year, a Seminar was conducted for them on the 28th of February by Brother Solomon FSP, Principal of St. Patrick's Academy, Clement Town, Dehradun. The theme for the seminar was 'UBUNTU', a philosophical term originating from South Africa, which translates as 'I am, because we are.'

As is clear from this, the seminar centered around the imperativeness of mutual understanding, cooperation and team work among the teachers for the betterment of the school.

Through a number of interactive and insightful exercises, Brother Solomon made the teachers do a little soul searching to realize their strengths and weaknesses. He also made them recall their idols and encouraged them to emulate all the qualities of their idols.

Reopening of **SCHOOL**

INTERNATIONAL CJM *Youth* ENCOUNTER

There was an International JMYouth Encounter, held in France, from 19th till 22nd July 2018. All the JM institutions from 28 countries, had come for this gathering. I would also express my heartfelt gratitude, to all sisters, specially Sr. Anita and Sr. Stella for giving me a marvellous opportunity to be a part of this.

We were 8 people accompanied by 2 sisters from the Delhi Province of the Religious of Jesus and Mary, India. We reached Lyon, France on 18th July, where we were warmly welcomed by our Mother General Sr. Monica Joseph RJM.

We began our first day full of vigour and zest. Firstly, we were divided into two groups- Atelier and Foyer, so that we make new friends and learn to interact with people of different nationalities and languages. At first, it was quite difficult to manage, but soon all of us learnt to communicate. The first day we had workshops related to understanding our senses and using them in an appropriate way whenever required. After dinner, we had the welcome ceremony, where each country displayed their beauty by various presentations like dance, music, powerpoint presentations, etc.

The second day we walked through all the important places, which were part of St. Claudine Thevenet's life. This activity we did along with our Foyer. Though, it was a little tiring, it was fun walking through different streets of Lyon. We went to the City Hall, St. Peter's Abbey, St. Bruno's Church and

Fourveire'. This gathering was brought to an end by an inspirational speech by Sr. Monica. This was followed by DJ party.

This encounter was an amazing opportunity as it taught me innumerable things.

Everyone enjoyed themselves to the fullest and all of us made new friends, living together as part of the true 'Jesus and Mary family'.

After this we had a short excursion. First, we visited Lourdes, which is one of the most venerable places of Christians. The beauty, peace and the reverence of the shrine didn't make me feel like leaving it. We stayed there for a day and then we flew to Rome.

The short time spent in Rome was really amazing. We first visited the Vatican Museum and the Sistine Chapel. The artistic beauty of these two places left my eyes wide open. Then we went to St. Peter's Basilica, The Trevi Fountain and The Pantheon. All these great architectural wonders enthralled me. We then went to Vatican City, St Peter's Square. We enjoyed a mouth-watering Roman cuisine right from Pizza's to Pasta's.

This was an amazing opportunity, because of which I got to explore and learn many new things. It was an unforgettable experience with the best memories I have ever had. Once again, I am extremely thankful to our Provincial Sr. Roseley, Sr. Josna, Sr. Anita and Sr. Stella, as it is all because of them that I got this marvellous opportunity.

some more places. The last place that we visited was The Angelic, which was the Convent where St. Claudine lived and brought up many children. In the evening we attended the Holy Mass at the chapel built by St. Claudine.

On the third day we had activities inside the campus, with the Atelier. The day ended with us relishing French cuisine and playing some games at night.

On the fourth day, all the representatives of the various countries presented the works of Jesus and Mary family in all their respective countries. I really got to know that JM institutions are progressing worldwide with dedication towards their mission of educating the young. In the evening we had the Holy Mass at the 'Basilica of

This year's Advent Party was organized on the 1st of December. The Principal Sr. Stella, herself donned a Santa hat and encouraged all the teachers to put one on themselves so that they could get into the Christmas spirit. The festivities began in the TV Room with a Prayer Service and some carol singing. Then it was

time for some fun filled games like 'Guess Who!' and the truly rib tickling 'Please the King and Queen'.

Mr. Prashant dressed as King Solomon and Mrs. Khan dressed as the Queen of Sheba put forward their outrageous demands while the teachers ran helter-skelter trying to fulfill them. The fun and laughter that ensued had everyone shedding tears of joy! After the Secret Santa gifting and an incredible lunch, Sr. Charles and Sr. Stella distributed tokens of love to all the teachers before they left.

Farewell

CLASS XII (2019)

The batch of Class XII 2019, was given a grand farewell by the students of Class XII 2020 on the 28th of February 2019. The students of both the classes braved the intense cold, dressed to the nines in ethnic wear. After a sumptuous chaat party, the outgoing class was treated to a fun filled evening peppered with hilarious flashbacks and nostalgic moments. Every girl of the Class of XII- 2019 had a gala time with entertaining skits and dances as well as rib-tickling games. It was really an evening to remember.

TEACHER'S *Picnic*

The Teacher's Picnic this year was generously organized by the Management to Maldevta Farms situated at Dehradun. The Teachers were all geared up for a day of fun and relaxation. God blessed them with a bright and sunny day well suited for some outdoor fun. They spent the day playing fun games, singing and dancing. After an elaborate buffet the group moved to Pacific Mall after which it was time to come home.

For the Love of *Nature*

THE warmth of the sun,
The calm of the quiet sea,
The pattering of the rain,
And the buzzing of the bees,
A place full of peace,
Which now is seen,
Is the life-giving nature,
With the lovely towering trees.

The most treasured gift
By the generous soul of nature,
Is forgotten by God's creature,
The bright coloured butterfly
Can hardly be seen,
They are killing the animals
And the little honey bees.

There will be a time
When nature is not found,
Which will leave the earth
Dull and brown,
Before this happens
We need to realise,
The importance of nature
In our blind eyes.

68 bodies share

We walked together,
We cried together;
In all ups and downs we were there
for each other
We fought a moment and laughed
the other.

Our Joy was infinite,
It knew no number;
We did nonsense from sneaking out
till celebrating Halloween
And that nonsense where we made
median the mode and mode the
mean.

We got punished together,
Coz to walk in the line no one
would bother.
To escape the teachers we passed
chits,

They will always be there to
bring tears to our eyes, these
byes.

Spent 10 years together;
Some will come back, some
are having goodbyes forever.

From cross and zeroes on the
question papers,
To making aeroplanes with
geometry papers.
From the BINGO on the
blackboards,
To 'take me home country
roads'

We rejoiced the moments
Some will stay, some will go
But "Picture abhi baki hai
mere dost"

United we stand,
United we live,
United we win
As we are one for all and all
for one

Change comes after Acceptance

No one knew why she was so hurt
Even though she was never to
blame
No one knew that she was hurt
Because she couldn't meet her own
eyes with shame
To know you need to understand
and understanding like no other
Than your own mother
Universe exists to be known
But mentality has no change
It's you who will have to change
But to change you need to dry your
own tears.
You know you will have to get over
your fears
Fear comes from you
It's a thought born out of you
You may not have the guts to kill it
But you have the power to control it
To forget the pain is not clear away
your existence

To rage is not to bring destruction
To fail is not to stop igniting
Because you need to let them know
That you are still fighting.
To flatter is not to shed your leaves
But to cave in shows that you are weak
To fear oblivion?
Be the merest of all
But to start reminiscing hurts the
hardest of all
To accept the infinity of the truth
infinite
Is to bring change in the inflection
caused by this riot
To change you need to accept yourself
Because change comes after
acceptance
And this universal truth you must
entertain

HIDDEN

Face

She hides her face behind a veil,
 She struggles to put an end to torture and rape.
 She tries her best to be brave,
 She passes through sleepless nights,
 For justice she craves.
 Despite of knowing everything's correct place,
 She is called naïve.
 She is called foolish,
 But she is wide awake.
 She is a mother, a daughter, a sister;
 But her job is only to nurture and raise.

She holds painful scars,
 She ages before time.
 She sacrifices for her family,
 It isn't easy to walk on thorns for miles.
 No one can understand her;
 In her pool of thoughts alone she dives.
 She doesn't want costly gifts,
 For love and affection she dies.
 For help and support,
 She shouts and cries.
 But she is always misunderstood,
 And used and thrown aside.
 She is a mother, a daughter, a sister;
 She longs to open her wings and fly,
 She no longer wishes to hide,
 She wishes to make her own identity,
 She no longer wishes to walk behind,

It is not me,
 But the world at *Fault...*

My connection with this world goes down and deep
 Thoughts like rainwater; inside earth's core seep.
 It's me with whom you play, you laugh, cry and eat
 But yet, you dare to crush me under your feet?

You hinder my courage, everyday my soul is broken
 But I think to you it seems it is for me an appreciated token
 If I perish, your world will come to a halt
 For it is not me, but the world at fault.

Come to me, I will embrace you
 Cause it is not everyone that I love, it's very few.
 With a new day, I turn onto a page which is fresh and new
 But my joys evaporate like drops of dew
 Cause, you seem to rub on my wounds like salt
 For it is not me, but the world at fault.

"you are a girl, be to the point and precise
 Watch out what you wear and remember of what size!"
 "oh! You are a woman, be polite and kind"
 But remember it is not my clothes that need to be changed.
 It is you, who needs a change of mind.

And look yet again,
 It is not me but the world at fault.
 For you, I might be a 'Beauty with no brain'
 But I hold a character; and yours stinks like a drain.
 I may seem to you like a broken vault
 But hello mister! It's you and your world at fault.

I carry a whole damn world in my womb
 You look at me and build a joyous tomb.
 For, when I fail to bring someone as wild as you
 I bring a victim of assault.

And you prove for the umpteenth time
 That it is not me but the world at fault.

The day I disappear
 I know, for you it will be a day of joy and cheer
 But you will crave for me, you will give a call
 But I will not come! No, not at all
 Then you will realise
 It was, it is and it will be
 YOU AND YOUR GODFORSAKEN WORLD AT FAULT.

Love for *Books*

Ever since I was little
I read books old and new
Long time has passed
Still waiting for them to come true
At the age of eight,
I checked every wardrobe in the house
To find the doorway to Namia
But.. I only found mice.
At the age of ten,
I checked my mailbox
But no letter to Hogwarts came.
Now I am twelve,
But no satyr has arrived.
Maybe I am pretty normal
Or I am reading too many books
Whatever it is
Dreams still come true....

The Road not taken *Alone*

You walk alone on this road
Never knowing the end
There is a lot of load
Sometimes all you need is a friend
The one who clears your doubt
And be your only light
Who helps you in your twists and turns
And keeps you from falling
But beware this world is dangerous
She might be stuck in another world
All you need to do
Is reach out your hand
So you can return the favour
They once gave you

The Lord of *Greed*

They knew nothing about the mad rage
Hidden behind the sunlight.
They watched it dance
As it took away their sight.

It mustn't be so proud of your pride!
That the flower you bloom dies.
You mustn't let go of those
Who stood with you in your demise.

Just as the silent night whispers in your ears
Unaccountable accounts of mystery
That no one knows of, no one speaks about
I now whisper the same story to you-

She, who you thought was dead is still alive!
She is alive in the heart of her mother
She is alive in the soul of her father
She is alive in the land that is still
She is alive in the memories of her killer...

She walks on the land where you live
And pleads for mercy the same way she did
You took away her trust and gave her your faith
Under the light of the full moon
You turned out to be a snake

How foster can be your feelings that betray you
When you know not how lowly is your own truth
Pray, but you won't be heard
The shine where you pray is situated in utmost vacancy,
Where there is no God, no serenity.

It's where the devils speak
Behind the statue of the Beheaded Angel
Now stands the Lord of Greed,
Who traps the soul of the mighty bird
Longing to be freed...

TEARFUL *Eye*

This little heart of mine
Is in everybody's control
Whoever finds it break it and go
What do they think, I don't feel bad?
I keep crying day and night, but my tears never stop.

Don't cry for those people who don't value your tears
If we cry then we will prove,
That our emotions are in somebody else's control
Don't cry don't feel bad and,
Show that their attitude is of no use in front of us

Just concentrate on your dreams
Not on those people who will just come and go.
Nobody will stay with you for your whole life
But only our dreams will

And tell them-
Take me as I am, or watch me as I go.

There comes a point when even *Small Things Matter*

There comes a point when even small things matter;
There comes a phase when all hopes shatter.
Destiny gets turns unexpected,
And our joy knows bounds and is limited.
Some people don't understand the promises they make,
Some don't realise the value of things till they lose them
At times reality hurts so much that you start daydreaming
And daydream means so much that reality doesn't have a meaning
Times comes when you fear and walk in shadows,
And soon the skies break down and darkness follows.
Throughout you gather regrets and guilt
And when they gather your world flips.
You gather hatred and everything seems fake,
And you go around looking for support you take.
There comes a time when your only light is stolen,
There comes a point where revenges are woven.
There is a point where courage is taken away,
And everything feels like giving up is the only way.

THE REAL *Me*

I might be tough at times
But I am easy to get through,
I am standing on a hill all alone
Wondering why I'm not able to prove
What I'm really supposed to.
Just have a look at the real me

And then you will understand
Who I actually ought to be.
Just give me a chance
And perceive my real being
Maybe I'm able to turn upside down
Of what wrong you're seeing
I've tried my best
To keep away from the rest
Still, in your sight
I've failed the test.
Yet, though in this competitive mystery,
I've made my imperative history!
On my way back to termination,
Let me have my true recognition-
For I'm a prodigy of dynamism
Because I'm just and just 'The REAL'
And 'The Only One' with life filled with optimism.

AS THE SINNERS *Crawl*

The truth was untold
Lies in the vein
sworn to secrecy
On an unstoppable train
some secrets must unfold
While some should never be told
A reputation to keep
Take assurance must speak
A crime to hide
slandering to rise
Must these criminals not hesitate
their souls shall reap in the
Mortifying hell down deep.
A criminal looks at a criminal
In the mirror of obscenity
Oh! there stands the patron of sins
the reason why he must not speak
Mortals remain to inspire other mortals to be remembered
By the assurance of remembering them
What's done must be done for your benefit they speak
Oh! there goes the sinner adding to his sins.
He bribes the mortals with his great speech
Does he mean a thing he speaks
Or is he defining his own mortality.
Now opens the door to hell
Who must enter who must not
Decision's neither mine nor yours
Betrays your own mind that the time was yours.
Time betrays as the sinners crawl

THE INDIA OF *my Dreams*

The India of my Dreams is,
Where we all are blessed with all our needs.
Free from poverty.
Where no children should be,
Starving in their home,
Where no children should be,
Running around asking for money.

Where women are respected,
Women are not discriminated,
Where women are safe.
Free from all the crimes
where there is equality of gender
Men and women are treated equally
given equal opportunities
And respect each other.
This is the India of my Dreams.

Where there is no war
Not against other countries
And against different religions
where not only women as well as
Men and children are safe.
This is the India of my Dreams
The Dream which every citizen of India has.

The question now arises
Now can we build up this India?
Though many of us speak about the answer to this
But do we put it into action
Some might have
But they are not enough
Not enough to bring a change.

The change in our country
Can only be brought
If we all come together.
And this can be done only
If there is equality
As well as unity among us.

If we come together
We the citizens of India
Can make this country
The India of our Dreams.

If I'm the Sun
 You're the Moon
 If you're the words
 Then I'm the tune
 If you're the heart
 Then I'm the beat
 Somehow together
 We're complete
 There are times
 My world is crumbling
 And the rain is
 crashing down
 But everywhere you are
 The Sun comes out
 Even when you're gone
 I feel you close
 You'll always be the one
 I love the most
 And anytime, anywhere
 That you need anything
 Just COUNT ME IN...

SHE *Wolf*

Taken away from her loving home
 Taken away from her human mortality
 On a full moon she will be known
 On a new moon she will be forgotten
 By day she serves the earth
 By night she serves the moon
 In her mind she is caged bird
 In her heart she is a free wolf
 An hour tells her to go.
 A whisper tells her to stay
 The human within her calls for the sun
 The curse keeps her trapped
 A promise pushes her on
 One day she will return home
 One day she will break away

Our Second *Parents*

The ones who teach us how to live in this brutal world, the ones who spend their lives trying to make us perfect, the ones who are always busy trying to make our future bright.

Yes, I'm talking about teachers - Our second parents. Many poets and writers have paid homage to their teachers in the most beautiful manner, realising that who they are is totally because of the hard work and guidance of their teachers.

According to Philip Wylie,

'One good teacher in a lifetime may sometimes change a delinquent into a solid citizen.'

There was a time when a teacher was considered next to God. Students blindly obeyed their teachers knowing that what they were doing was solely for their own good.

This age old tradition of 'guru-shishya' has completely changed in the Modern World. Students no longer respect their teachers as their 'guru'. Many start threatening and disrespecting their teachers each time that they are scolded or pulled up for sloppiness. This makes teachers also afraid to correct students because they know it can even cost them their jobs. But, do the students of today even realise why teachers want to correct their students in the first place. The simple answer is that they want you to rise. They want you to be someone who is greater than them so that they can tell the world with pride, 'THIS IS MY STUDENT'. You will never find anyone in your life except your teachers and parents who will correct you when you are wrong, guide you onto the right path and keep pushing you till you realise your true potential. Parents are related to you by blood so it is their duty to take care of you. But teachers take on the role of nurturers as soon as a student is enrolled in school. They spend their lives in making us become the best that we can be. Their scoldings must be regarded as their blessings. Someone scolds you only when they love you and they want you to be successful in life. Besides giving us knowledge, they also imbibe in us values that make us better human beings. In return they ask for nothing except hardwork and respect. So let us take a pledge as students to respect our teachers in the same way that we respect our parents. Let us bring back the 'guru-shishya' bond so that teachers can regain their position as the Gods of learning.

Travel on the Path on which *You have to*

Travel on the path
On which you have to
No matter what.
You may sometimes get
Influenced, Distracted or such
But you must always remember to,
Travel on the path
On which you have to.
A time may come when nothing
Seems to be correct,
Except some silly friendship.
That may affect you,
In many different ways.
But you must always remember to
Travel on the path
On which you have to
In this world,
Some people might let you down,
Some even might save you.
But it is upto you,
what you want to choose
I chose the one suggested
By my respected one
Coz even I was, the influenced one.
And now the life
Seems to have changed
As I in the middle, had forgotten
The path on which
I travelled had changed.
But now, never, ever
I would repeat the same.

I am a temple of knowledge, a colosseum of learning and a playground of memories. I was born to disseminate knowledge, imbibe values and mould characters.

I am Convent of Jesus and Mary, Waverley, located in the Queen of Hills-Mussoorie. In 1845 the daughters of St. Claudine Thevenet decided to establish me as a boarding school for girls. For 173 years, I have been performing the duty entrusted to me with utmost love and dedication. I only exist because of my beloved students who are spread across the globe, excelling in every field. I look at them with the feeling of a proud Mother who is watching her children soar and touch the skies.

All my ex-students miss me and their memories of me remain fresh in their minds for decades. Whenever they return to my portals to share their achievements and refresh their memories, I beam with satisfaction. I am their second home to which they can return forever more. I will stand on this hill for Centuries to come, watching generations pass through my loving hands.

I will stand the testament of time fulfilling the dream of St. Claudine Thevenet through the eyes of my children.

DARKNESS

Big city they say it is,
but can these big lights
eradicate the darkness that
prevails inside.
Sometimes silence is so loud,
My shouts get suppressed by
the big dark city.
My heart screams inside
but it is silenced by the
virtue of civilization
as I walk in the concrete
jungle, I see thousands of faces

staring at me, made of
stone, cannot be broken.
I still walk ahead everyday
keeping my heart and head
strong
because life never stops for
anyone.
I am not alone,
Many face the same darkness
each day.

Ten years have passed in a finger's snap,
It's time for me to move on
out of this nurturing lap.

Life has been a roller coaster ride,
with silly pranks and fights for pride.

The journey from Class one to ten,
a lifetime of Memories that's what it's been

From runny noses and tearful cries,
to graceful catwalks in elegant strides.

I see a transformation in my peers and I
as I fondly look back with a nostalgic sigh

Oh friends, what a perfect blend are we,
To have lived lives so happy and carefree.

Whether at work or at play,
We always found time to whittle away.

Whether it was bunking Classes near the water taps,
or taking notes in a hurry with alarming gaps.

Scribbling on boards in our free time,
or making up some silly rhyme.

Playful pranks on each other we played,
sometimes from the straight and narrow path we strayed.

We struggled to finish notes and assignments,
spent hours cramming formulae that put us in predicaments.

Final exams and periodic tests time lapsed with no rests.
Regrets and lamentations for classes spent in a daze
dates, theorems, equations all mixed up in a haze.

Snatching lunch boxes always more delicious than ours
Making secret birthdays cakes with milk powder and chocolate bars.

Wiping Nutella jars absolutely clean
Was something that could never keep us lean

Now that its time for us to part,
We'll carry these memories, deep withing our heart.

True *Friends*

When I laughed, you'd laughed with me
At silly things when I cried, you'd be there to console me
You're by my side since days, months and years
That's why when I'm with you, I'm away from all my fears
You're really someone special is my life
We both were always together even after so much strife
We were so proud of ourselves just like shining stars and diamonds
I smile when I think of the time I've spent with you
We were so close to each like a paper to a glue!
I know we've faced many hard times
Sometimes they were as hard as digging coal mines.
But we were happy sitting side by side.
At the end of day, everything was right.
But again not letting memories of your sweet face fade
Separation was the thing that made me afraid
I loved those days, I don't know how you will,
I don't know how I will, control myself when the time will come...
When the time will come and we'll scatter,
The time will come when our friendship won't matter!

And I say I'm the one.

They say the dance she does is understood by none,

And that's why I say I'm the one.

They often ask who is the one who roams,
from noon to the sitting sun,
And I say I'm the one.

The taunt me, they mock me,
they make so much fun,
I say, I've had enough of it,
and now I'm done,
And now I won't change for anyone,
As I know I was the one,
I am the one,
And I'll be the only one.

Begging - *A Social Malice*

"Your generosity can make a person a beggar for life"

It might be just yesterday that we would have given a beggar a five rupee coin but did we ever think of what such a thing would actually lead to? In our country, we come across many beggars, even though they are not in the same proportion in all the states. We consider them to be those hands who ask us for help and many of us do show some generosity and help them. But do we ever think of problems we are creating or rather enhancing? Begging can be used as a source by which the beggars earn but not through hard work but the mere shaking of hands. When these people realise that money can be produced without much difficulty, they decide to take up the "profession" of begging because they do not care for themselves or those around them, so begging leads to disinterestedness due to which the income of the country is hindered. It's only the working population of the country that contributes to its economic growth. Such people earn money and use it, which in some way or the other contribute to the economic growth. Contrary to this, beggars get money even though they did not earn it and in turn do not give anything to the society. Therefore, in order to ensure a continuous development of the society and that each person is able to discover his potential, the government should take strict measures against begging. Also, due to this social evil the future of many kids is destroyed as they are forced to beg. Such people who take up cheap drugs which, finally, damages their brain completely and destroys the person from in and out. Begging also leads to many other criminal activities such as, kidnaping kids or destroying some of the people's body parts to generate sympathy. Some women are taken away to prostitution centres while the men beg on the streets. A large number of beggars also become pickpockets.

The Government should also try to eliminate begging but in turn also provide them with a certain amount of money so that they can start some new business. These people can live a much better life through their personal attitude, will-power as well as through government and people's cooperation.

Hate the *Sin,* Not the *Sinner*

Man and his deed are two distinct things. A good deed is always approbated whereas a bad deed is disapprobated. The person who does these deeds, good or bad, always deserves respect or pity. They say "Don't judge a book by its Cover", I feel one should also not be judged on the basis of one of his/her action. The situation in which the deed was, may not be known. Judging someone on the basis of their committed sin is erroneous.

Some people may commit a sin for the greater good of others. After all, even great people end up in jail. The effects of the sin may or may not last long, but the sinner must be given another chance to life, "Life is all about second chances." Hate the sin but pity or respect the sinner, as the case may be. Every organism deserves respect, that is the least one deserves.

These may be first words to you
But these are more like strokes of swords.
I want to forget every word that you said
But your voice in my head is constantly there.
Making me regret everyday that I wake up,
hoping and wishing my life would just end.
But I wake up with a smile on my face pretending
I'm okay, I'm strong and fine
On the inside I'm crying, weeping and screaming
But outside I am stronger than the strongest could be.
I don't know how much longer I can take this
To you this may be fun and games
But to me it's a prison
I'm a waste of space
I don't deserve to live
I'm disgusting, I'm worthless
I don't deserve to live
Nobody cares, nobody loves me
I don't deserve to live
I'm a monster, a mistake
I don't deserve to live
But I hear a voice inside me
telling me who I'm meant to be
that I could be the best version of me.
I now know how to stand my ground
I've cried enough
I won't let that happen again
You shoot me down but I'll get up
I'm stronger than you think I am
so don't waste your time on me
you might have brought me down a bit
But I will continue to F.L.Y.

MATHEMATICS

I have to face a dreadful time throughout the year,
As Maths to me was always a fear;
I am candid so I confess,
In maths examination I always created a mess.
I always got the fit of giddiness,
Whenever I thought of my results where my
marks were usually quite less.
I everyday had to deal with the horrific
situations of dangerous,
quadratic equations, geometry, trigonometry,
algebra and mensuration

After seeing the word problems my problems
became infinite,
and my confessions were like in a graph
in which the lines coincide.

My friends' faces seemed to me like a sphere in the air
and whenever I saw something new I tried to
recognize if it was a cone, cylinder or a terrible hemisphere.

Profits which I got, probably due to maths in
a snap were lost, when instead of Euclid's Algorithm
I confidently in my paper wrote Pythagoras theorem.

How ever much I tried I couldn't succeed,
and now I had to concede
Then I realized it was the time to multiply and add all my hard work,
as the great 'Maths' required practice and smart work

One fine morning getting ready for school I got up
from my cubical bed,
with my cylindrical pencil which did not have a lead
And when I reached the school I was stunned to see
the fraction hundred upon hundred in Mathematics!!!

There comes a point where even small things matter;
 There comes a phase when all hopes shatter.
 Destiny gets turns unexpected,
 and our joy knows bounds and is limited.
 Some people don't understand the promises they make when they make them,
 and some don't realize the value of things till they lose them.
 At times reality hurts so much that you start day dreaming
 and day dreams mean so much that reality doesn't have a meaning.
 Time comes when you fear and walk in shadows,
 and soon the skies break down and darkness follows.
 Throughout you gather regrets and guilts,
 and when they get collected your world takes a flip.
 You gather hatred and everything seems fake,
 And you go around looking for the support that you take.

Dad, Dad oh my lovely dad
 who makes me happy when I'm sad
 Working in the rain and in the snow,
 With the temperature high or low.

 And to tell you honestly, he's a hardworking man.

But my dad is incomplete without my mother kind.
 She's a lady with a gentle heart and a calm mind.
 She helps me to get ready for school
 Works all day remaining happy and cool
 She solves my problems as a simple care,
 Which brings joy and a bright smile on my face.

My parents are the two strong pillars of my family of five,
 Without them I can never imagine my life.

 But your place can be

 You scold me,
 You shout at me,
 But still you LOVE ME,

 To teach me life's lesson
